REVISED: December 7, 2016

Dear Tim,

I appreciate you and Dave taking the time to meet with me. It is our pleasure to provide you with this proposal for South Pasadena high school running track. Advanced Polymer Technology Corporation (APT) has agreed to a discount for the Q-6100 aliphatic binder polymer. After a lot of discussion, we are all in agreement that this will take care of the problem. As we discussed, even with the discount on the product this will still be an expensive process because of the man hours, DIR/prevaling wage and all of the other expenses required to complete the project.

The process is as follows:

SOUTH PASADENA HIGH SCHOOL RUNNING TRACK:

Repair and Striping Process:

- Complete a deep cleaning of the track surface oval and field event areas / D areas
- Wrap the entire stadium, fencing and concrete perimeter inside and out with plastic sheeting. This will protect the synthetic field, stadium seating, fencing, tennis courts etc. from overspray.
- Apply two (2) coats of Rekortan Q-6100 aliphatic binder polymer spray to approximately 8,000 sq. yds. Of track surfacing.
- Lay out and re-stripe all lane lines, metric events, field events, numerals and mascot lettering with high quality paint to meet California high school federation requirements and track coaches program requirements.
- Clean up and dispose of all plastic sheeting and tape.

This process will require five (5) men for approximately seven days to complete.

| | |
|--|---------------------------|
| Total for Repairs and Striping: | \$78,500.00 |
| Payment Bond: | <u>\$ 2,355.00</u> |
| Total for Project: | \$80,855.00 |

Inclusions: All prices include materials, expenses, prevailing wage labor (applicable travel and subsistence pay), freight, sales tax, liability insurance and state required worker's compensation.

Exclusions:

Design work, grading, concrete, asphalt paving, corrective work to sub grade or existing surface, builder's risk insurance, all bonds, jobsite security, temporary fencing and permits.

Thank you for your consideration, we look forward to hearing from you soon. Please don't hesitate to call with any questions or concerns.

Sincerely,

Jeff Thompson
